

## FRONT RANGE FREAKS

A film by Peter Mortimer (90 min)  
Featuring the late free soloist Derek Hersey

Multiple award-winner from Banff to Telluride, Front Range Freaks documents the lives of Colorado's strongest, boldest, and wildest climbers. From Timmy O'Neil's urban ape to Biscuit the climbing wonderdog, FRF is guaranteed to make you sweat and laugh—often in the same scene.

Featuring Matt Samet's Flatirons death routes, Heidi Wertz's 5.13 crack in RMNP, and a special tribute to the late solo-guru Derek Hersey, Front Range Freaks is an incredible portrait of Colorado rock climbing and many of its favorite characters.

Starring Timmy O'Neil, Matt Samet, Topher Donahue, Heidi Wertz, Biscuit, and many more.
